

Male Urinal Systems & Kits

Male Urinal Replacement Components/Parts

Urocare® "High-Flow" Little Red Valve™

This new **high-flow, self-cleaning**, patented, anti-reflux valve **prevents back-flow** while allowing **fast**, uninterrupted drainage for **problem-free use**. Don't settle for urine reflux or back-pressure caused by inferior flutter valves. Nothing beats Urocare's new "High-Flow" Little Red Valve™ for performance, reliability and safety. Replacement anti-reflux valve for use in all Urocare® Reusable Latex Leg Bags and Urocare® Urinary Drainage Bottle.

Sold by the each, 1 high-flow anti-reflux valve per package.

This is a stocked item.

Non-Sterile, 100% Silicone
