

# IT'S ALL IN THE BAG!

## COMPLETE PROTECTION

### NEW HIGH-FLOW VALVE

New high-flow, self-cleaning, patented anti-reflux valve which prevents back-flow while allowing fast, uninterrupted drainage for **problem-free use**. Don't settle for urine reflux or back-pressure caused by inferior flutter valves. Nothing beats Urocure's new **high-flow Little Red Valve** for performance, reliability and safety.

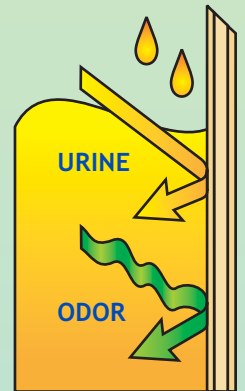

### NEW BUILT-IN ODOR BARRIER†

We don't give odor a chance! We added a special new odor control barrier to the **inside & outside** of our latex leg bags for double odor protection.

This special odor barrier makes Urocure's leg bags virtually **ODOR-FREE**, not just odor-resistant; thereby preventing embarrassing odors **before** they start.

† Currently available on select styles only.

## COMPLETE CONFIDENCE

Urocure has been committed to providing safe, effective and reliable health care products since 1975. The new features of our popular reusable latex leg bags provide greater performance and confidence than ever before. Isn't that what it's all about— being confident and worry-free so that you can spend your time doing what you like doing most?

You deserve only the best when it comes to your health and dignity—choose a family of reusable latex leg bags that you can trust completely—choose an original **UROCARE** leg bag. **Why settle for anything less?**

Urocure offers a complete line of urological, incontinence, ostomy and tracheostomy management products. For more information please contact Urocure at **1-800-423-4441** or visit [www.urocare.com](http://www.urocare.com). To place an order, please contact your health care supplier.
