FITZ-ALL® WITH BUTTONS
URINARY LEG BAG SUPPORT KIT
FOR USE WITH MOST DISPOSABLE VINYL URINARY LEG BAGS

USE AND CARE INSTRUCTIONS FOR PRODUCT #6380

• COMFORTABLE
• WASHABLE
• DURABLE
• REUSABLE

ELIMINATES BRUISING, PRESSURE SORES, PULLED HAIR, CIRCULATION RESTRICTION AND BURNS CAUSED BY RUBBER STRAPS.

ADJUSTABLE SELF-GRIPPING FASTENERS. APPLICATION IS SAFE AND SIMPLE USING ERGONOMICALLY PLACED BUTTONS FOR THE IDEAL LEG BAG POSITION.

KIT CONTENTS:

1 Fitz-All® with buttons, upper calf strap (#6374)
1 Fitz-All® with buttons, lower calf strap (#6375)
Illustrated use and care instructions inside.
IMPORTANT! READ THIS FIRST:
To avoid possible drainage problems, read all instructions and precautions carefully before use. Only allow a urinary drainage bag to fill to its maximum capacity in emergency situations. Do not over-tighten straps; this can cause poor circulation and/or skin breakdown; however, a bag strapped too loosely can slip and cause damage to catheters.

DIRECTION FOR USE

STEP 1: Push the buttons of the straps through the bag eyelets as shown in figure 1.

STEP 2: Strap the bag to the leg in the desired position—usually on the inside-bottom of the right or left leg—see figure 3. Be certain that the bag is in an up-right position with the drain valve at the bottom for optimum use.

STEP 3: Adjust straps. Do not over-tighten to avoid circulation restriction.

STEP 4: Close drain valve or tube clamp before use.

ENSURING YOU GET MAXIMUM USE FROM YOUR STRAPS:
Close the hook & loop fasteners by joining the ends of straps as shown in Figure 2 before laundering—see laundering instructions/symbols on next page.

IMPORTANT: The number of times that the hook & loop fasteners are opened and closed determines the life of the fasteners. Do not open and close the fasteners unnecessarily—this will ensure a long life.
IMPORTANT! READ THIS FIRST:
