

# URO-PREP®

PROTECTIVE SKIN BARRIER WIPES

**UROCARE**

FOR URINARY  
& OSTOMY USE

Use under Adhesives, Male External  
Catheters and Ostomy Appliances

1 Premoistened  
Towelette

**FOR EXTERNAL USE ONLY**

**URO-PREP®**

**#5500**

**Directions:** Wash area with mild soap where dressing or appliance is to be applied. Rinse and dry thoroughly. Apply Uro-Prep® protective dressing applicator and allow to dry. Protective coating forms on skin which does not have to be removed when changing bandage or appliance. Momentary sting will be experienced if applicator contacts open wound.

**CONTAINS:** Isopropanol 75%, Triethyl Citrate, Denatured Alcohol, Ethyl Ester Of PVM/MA Copolymer .
